

## Parking?

Capacity in lots is affected by shared use and construction. Allowing ample arrival time is suggested. There are few special events during the summer; however, if special event personnel are posted at lot entrances (e.g. June 15-17, 2017, July 25-26, 2017) event parking requirements and restrictions supercede general parking. A parking fee (cash only) will then be required at the lot entrance. General Sports Camps 2017 camper and visitor parking information is below and may be found at <http://scp.police.msu.edu>. Corresponding lot numbers and locations may be found at [maps.msu.edu](http://maps.msu.edu) under the Main Map.

Lot 63E (at Breslin) will not be available to park in due to construction. The permits are limited to Sports Camps visitor use only (campers use Lots 83 or 89). Permits may be purchased online from the MSU Parking Office. For details, go to <http://scp.police.msu.edu>.

*Parking enforcement is in effect. Vehicles illegally parked (e.g. in a space requiring a permit, parking on hash marks, in a University vehicle or lease space, outside a space, along a curb, in the grass, obstructing traffic, in a drive lane, in a space requiring a valid disability placard or plate) are subject to enforcement. The camp office has no authority over parking for camps and therefore cannot assist you with any parking issues. Parking is enforced by the Parking Division of the MSU Police Department. They may be contacted at 517-355-8440 should you have parking questions.*
